

Women and Drones Documentary Filming Onsite at Commercial UAV Expo

Partnership with Women and Drones and Monumental Access will bring filming to Las Vegas, capture stories of women in the drone industry

Las Vegas, NV, August 18, 2022 - [Commercial UAV Expo](#) has been announced as an official filming location for a [multi-part documentary](#) produced through a partnership with [Women and Drones](#) and documentary film company [Monumental Access](#). The partnership will focus on inspiring the next generation of talented aviation leaders by capturing the stories and footage of women in the drone industry.

In partnership with Women and Drones, Monumental Access has been creating a multi-part documentary for a behind-the-scenes look into the professionals, especially women, in the uncrewed aviation space. The multi-part documentary will give a birds-eye view of the significance of the drone industry by capturing in-depth interviews with educators, CEOs, and professionals allowing their stories to be told from the first-person perspective. Viewers will have an all-access look into the women's lives who are shaping the industry.

“Women and Drones has been an important supporting partner of Commercial UAV Expo for years. We are thrilled that we can help elevate their mission and provide a documentary filming location to access some of the most influential leaders in the commercial drone industry by bringing the filming location to Commercial UAV Expo in Las Vegas,” said Lora Burns, Marketing Manager and Coordinator of the [Diversity, Equity and Inclusion UAV Empower](#) initiatives at Commercial UAV Expo.

“The partnership with Monumental and Commercial UAV Expo will allow us to capture stories of the individuals who are contributing to the future of STEM and aviation. From the nonprofits and educational organizations introducing youth to aviation and STEM via drones to the

innovators leading the way in the various emerging aviation technologies we plan to shed a bright light on the industry” said Sharon Rossmark, CEO of [Women and Drones](#).

“Monumental Access is excited to highlight the excellence achieved by women in the field of emerging aviation technologies. By capturing their stories through the lens of a camera, everyone will have an opportunity to have a front-row seat alongside these amazing women” said Monte Chambers, founder and CEO of [Monumental Access](#).

Filming started in May with the [Disaster Response Workshop](#) hosted by Dr. Robin Murphy at Texas A&M and the Center for Robot-Assisted Search and Rescue. The project captured the experiences of the participants and facilitators and shared a powerful message about the importance of this type of training for women. “Ultimately, my desired outcome for filming in the Disaster Response Workshop will be to create engaging content for viewers unfamiliar with the drone sector of the aviation industry. By raising awareness to the public, these modern-day hidden figures will be in the spotlight” Chambers added.

The next round of filming will take place at Commercial UAV Expo in Las Vegas, Sept 6-8, 2022. In addition to the onsite filming, Commercial UAV Expo offers a robust conference program delivering [practical, actionable education](#). Sessions include a panel on [Women Behind the Drone Revolution](#), hosted by DroneTalks, featuring inspirational women from around the world as they share career path stories, and deliver actionable insight based on their successes, key challenges, important learnings, and their current activities in the industry. Additional programming includes deep dive vertical industry sessions for professionals in construction, drone delivery, energy & utilities, forestry & agriculture, infrastructure & transportation, mining & aggregates, security, and surveying & mapping. Industry Update Sessions provide up-to-the-minute information on topics that affect everyone in UAS, such as AAM, BVLOS, and autonomy.

Event features include an [exhibit hall](#) that will feature [200+ top UAS companies](#) from around the globe. Additional special events include [Live Outdoor Flying Demonstrations](#), the [DRONERESPONDERS Public Safety Summit](#), and [Workshops and Trainings](#), all of which allow for hands-on learning and industry connections. The 2022 event boasts more than [300 media and association supporters](#) from six continents, including the longstanding supporting partnership with Women and Drones. About Commercial UAV Expo

Commercial UAV Expo, presented by Commercial UAV News, is an international conference and expo exclusively focused on commercial UAS integration and operation covering industries including Construction; Drone Delivery; Energy & Utilities; Forestry & Agriculture; Infrastructure & Transportation; Mining & Aggregates; Public Safety & Emergency Services;

Security; and Surveying & Mapping. It takes place September 6 – 8, 2022 at Caesars Forum, Las Vegas NV. For more information, visit www.expouav.com.

Commercial UAV Expo is produced by Diversified Communications' technology portfolio which also includes Commercial UAV News; Geo Week, Geo Week Newsletter, 3D Technology Newsletter, AEC Innovations Newsletter, Geo Business (UK) and Digital Construction Week (UK).

About Women and Drones:

Women And Drones is the leading membership organization dedicated to driving excellence in the uncrewed aircraft systems (UAS) and Advanced Air Mobility (AAM) industry by advocating for female participation in this dynamic segment of the global economy. We partner with companies committed to an inclusive culture where women can thrive. Our educational programs range from kindergarten to career in efforts to balance the gender equation in the industry now, as well as for the future of flight.

About Monumental Access

Monumental Access focuses on producing quality media by creating content, capturing the heartfelt story, and connecting with community stakeholders. With the nationwide demand for videographers, Monumental Access developed a unique market for governmental, non-profit, and corporate companies. What started off as a dream during the 2020 Global pandemic, has transitioned into a reality in detailing the important moments of our clients through the lens of a camera. Combined with unique storytelling and professionalism, Monumental Access connects the hearts and attention of many across the country with its interviews, commercials, and documentaries! As a result, Monumental Access is one of the most creative media companies in the Saint Louis, MO area.
